

# REMOTE LEARNING EDMENTUM (PLATO) SIGN IN INSTRUCTIONS

1. Go to school website at [www.lemarscsd.org](http://www.lemarscsd.org)
2. Click on Students tab and scroll down to Edmentum
3. Account login: LMHSAE (this will have to be typed each time you log in)
4. Username: first initial and last name (example: jtheisen)
5. Password: your birthday (six numbers) (example: July 4, 1991 would be 070491)
6. Everyone is **REQUIRED** to complete the Edmentum Orientation **FIRST** before attempting any classes. This is an introduction to how the courseware works. **I highly recommend that a parent sits through this orientation as well to become familiar with the program.**
7. **NOTE:** The pretests at the start of each unit are very important. If you do well on these, you will exempt out of some of the work because it realizes you already know the material.
8. If you struggle with reading comprehension, the material can be read to you - the instructions for this are in the orientation.
9. If you have any questions, feel free to contact me at [julie.theisen@lemarscsd.org](mailto:julie.theisen@lemarscsd.org)
